**Letter of invitation to the Climate Policy Dialogue Day and inauguration of the Continental Multi-Hazard Advisory Centre in Niamey-Niger.**

**Dear Dr. Nyambe Harsen Nyambe,**

It is a great pleasure for the African Centre of Meteorological Applications for Development (ACMAD) to inform and invite you to the climate policy dialogue day on the state of climate for Africa followed by the inauguration of the Continental Multi-Hazard Advisory Centre (CMHAC) to be held in Niamey- Niger on October 31, 2022.

As you will recall, the United Nations Secretary General in his World Meteorological Day Message on March 23, 2022 announced that the United Nations will spearhead new action to ensure that every person on Earth is protected by early warning systems within five years.

The African Multi-Hazard Early Warning and Action System is the flagship response of Africa to this initiative with a situation room and a Continental Multi-Hazard Advisory Centre respectively established in Addis Ababa-Ethiopia and Niamey-Niger.

We look forward to receiving you at the dialogue day and inauguration ceremony. For further enquiries, please do not hesitate to contact ACMAD secretariat at [dgacmad@acmad.org](mailto:dgacmad@acmad.org) Telephone: +227 20 72 3627.

I would like to take this opportunity to express our heartfelt gratitude for your continued support. Please accept the assurances of my highest consideration.
